Professional Summary

Senior Full Stack & eCommerce Developer with 4+ years of experience designing and delivering high-performance **B2B and B2C commerce solutions** using **Shopify Plus, BigCommerce, Zoho Commerce, React.js, and Next.js**. Specialized in building scalable storefront architectures, advanced customizations, and enterprise-grade integrations for global eCommerce brands. Strong expertise in **Shopify Liquid, BigCommerce Stencil, GraphQL, REST APIs, Checkout Extensions, Shopify Flow, and Deluge scripting**, with hands-on experience in platform migrations, headless commerce implementations, ERP integrations, and performance optimization. Proven ability to develop custom storefront experiences, automate business workflows, and implement scalable wholesale and dealer management systems integrated with **Zoho Inventory, Zoho Books, and third-party platforms**. Experienced in leading end-to-end development lifecycle activities including architecture planning, frontend engineering, backend integrations, SEO optimization, API orchestration, and post-launch support in fast-paced client delivery environments.

Experience

Senior Software Engineer – Level 3

Apr 2026 – Present

Vinsinfo Pvt Ltd, Chennai

- Built a **Zoho Commerce wholesale storefront** with guest-redirect access control, public Terms & Registration pages, and custom registration flow with admin approval triggering auto-account provisioning via **Deluge scripting**, reducing onboarding time by **50%**.
- Engineered real-time **Shopify → Zoho Inventory & Books** order sync pipeline processing **500+ orders/month**; streamlined GST invoice generation and payment reconciliation using third-party payment APIs, Shopify API, and Zoho APIs.

Senior Full Stack Developer

Jul 2025 – Apr 2026

Vinsinfo Pvt Ltd, Chennai

- Led **Magento → BigCommerce migration** for a US Christmas decorations brand, delivering **100+ pages** within a **3-month** timeline; built custom homepage widgets, PDP split layouts, ZIP image downloads, and video gallery integration. Designed and implemented B2B app storefront features using React. Enhanced B2B functionalities including quick order, bulk order, reorder, and shopping lists.
- Delivered **Shopify Plus** global kids clothing store across **3+ regions**: VIP customer workflows (Shopify Flow), checkout extensions with add-on product display and delivery date scheduling, and location-based shipping on PDP.

Software Developer

Jul 2023 – Jul 2025

Vinsinfo Pvt Ltd, Chennai

- Built **4 unique PDP templates** with warranty widgets, compare-product features, and bulk/quick order via Excel upload, reducing manual order processing time by **70%** for an India home appliances **BigCommerce** platform.
- Managed **B2C & B2B** storefronts for a music products brand across **2 separate frontends**: bulk Excel ordering, out-of-stock notifications, product contact forms, and **Google Maps API** dealer locator for **100+ dealers**.
- Developed an Excel-driven product catalogue sync admin tool with **AWS**-backed file processing, handling **1,000+ SKUs** with instant success/error email reports.

Associate Software Developer

Jun 2022 – Jul 2023

Vinsinfo Pvt Ltd, Chennai

- Built a hardware **auction platform** serving **50+ B2B clients**, with role-based access control and scheduled SMTP email alerts reducing manual notification effort by **80%**.
- Developed a **sales rep management app** tracking **20+ reps** with order tracking, budget summary, and Excel-based report export/import, cutting reporting time by **60%**.

Key Project

Magento → BigCommerce Migration – Christmas Decorations USA

2025

- Owned full platform migration from Magento to BigCommerce, delivering within a tight 3-month deadline for a US eCommerce client.
- Rebuilt storefront from scratch: custom homepage widgets, PDP split layouts, case quantity logic, ZIP image download, and video gallery integration.
- Customised category navigation menus and ensured performance-optimised rendering across the new platform.
- Technologies:** BigCommerce Stencil, React.js, JavaScript, SCSS
